If you want to **learn English** and **use it successfully**, this is a course for you.

**English in Action** is an intensive course for students who need to

- achieve a higher IELTS score
- improve their use of spoken and written academic English
- improve their efficiency when reading academic and general interest texts
- improve their use of everyday English in real life situations

**English in Action** is for students who

- are new to the UK and western culture
- would like to know about the British culture and traditions
- would like to get familiar with the academic life before starting their studies

**English in Action** is based on the **communicative approach** to learning and teaching. Students learn and use the language in classrooms and **real life situations**. The course is intense and personalised to meet students' individual needs and ensure effective use of their time. The main features of the course are:

- **immersion** in English –classroom and real life activities, General English, focus on speaking and listening
  - **exam strategy** – classroom work; developing awareness of different types of exam tasks and finding the best way of performing them
  - **exam practice** – classroom work, individual or small group sessions; practising exam tasks
- **academic English** at each stage • regular **assessments** with mock tests

During the course students will also **learn how to learn** and become more independent English learners. Students can use a well-equipped resource centre.

During their stay students are supported by the international staff at the college and assisted with their accommodation, transport, health and other practical needs.

**Course duration:** one academic year;
